CONGRESSIONAL INVESTIGATIONS

CONGRESSIONAL INVESTIGATIONS

Congressional investigations move fast, and they do not conform to the rules of a courtroom.

Media scrutiny, the glare of the spotlight, and shifting political alliances are just some of the unique challenges posed by these investigations. And these challenges are never more prevalent than when the balance of power in Congress changes hands: Corporate conduct that was appropriate when it occurred can suddenly become the target of committee staff motivated by a partisan political agenda.

McGuireWoods is distinctively qualified to help individuals and companies navigate this demanding terrain. Our congressional investigations team includes seasoned investigations lawyers with extensive experience on some of the most high-profile congressional investigations. Ranging from the Major League Baseball steroid scandal, the “Fast and Furious” investigations, the Deep Water Horizon inquiries, and the recent USA Gymnastics sexual assault investigations, our Congressional Investigations lawyers have been there. Over the past 20 years, we have built strong personal and professional relationships with members and their staff and have earned a reputation for knowing how to navigate the halls of Congress.

Our congressional investigations team leverages the wide-ranging capabilities and relationships of McGuireWoods’ lobbying arm, McGuireWoods Consulting, comprised of a strong bipartisan team of Capitol Hill veterans who have extensive experience with the inner workings of Congress, including a highly-respected former member of Congress and White House political director.

To provide the most innovative and in-depth services to our clients, McGuireWoods also relies on our technical industry expertise across a broad range of sectors, including:

- **Defense**
- **Financial Institutions**
- **Healthcare**
- **Pharmaceutical**
- **Energy**
- **Education**
- **Infrastructure**
- **Technology**
- **Transportation**

HOW WE HELP

Given this special combination of skills, experience, and relationships, McGuireWoods' congressional investigations team helps our clients develop successful strategies to move through the gauntlet of the congressional investigations process. From a seemingly innocuous request issued by a congressional committee to a full-blown hearing in front of cameras, we gauge the potential legal, political, and reputational consequences, counseling clients on how to resolve the issue positively while avoiding damaging missteps. Our team also helps clients limit the collateral consequences of congressional investigations by developing strategies to reduce and address private litigation and potential criminal exposure. Furthering our expertise and in close collaboration with McGuireWoods' Strategic Risk & Crisis Management Group, our team also manages ancillary issues associated with congressional investigations, including board and shareholder relations, media inquiries, and other crisis management matters.

Fortune 500 companies, senior executives, boards of directors, and high-profile political leaders have called on McGuireWoods to handle a broad range of matters in the congressional arena, including:

Responding to congressional subpoenas for documents or investigative hearing testimony
